

# AVAROS

An All-Inclusive EMR

## Intuitive Charting

Chart more efficiently with our intuitive lay-out and enhanced charting tools

## Prevention Dashboard

Track your treatment goals at a glance using our user-friendly Prevention Dashboard

## Seamless Data Migration

When you're ready to switch to Avaros, we'll take care of the Data Migration

## Knowledgebase

Our comprehensive knowledgebase lets you learn about Avaros' features at your own pace

## Integrated Fax Inbox

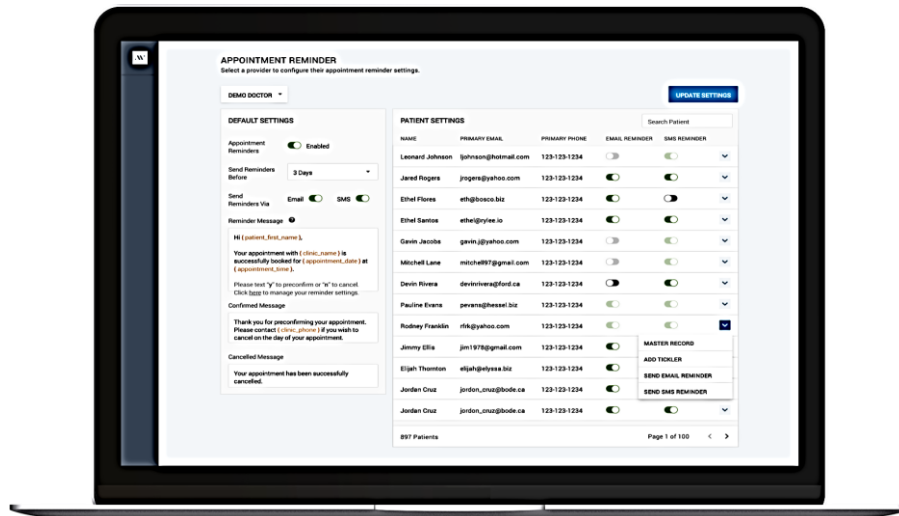

No more wasted time downloading, scanning, and then re-uploading Faxes into your EMR. With Avaros, Faxes are organized in one place, and can be filed with a few clicks

## Patient Billing

Our easy to use Billing and Reconciliation module allows you to easily claim OHIP or 3rd Party bills, and reconcile them when they are paid

## Comprehensive Support

When you need us, we'll be there. You can reach us by phone, support ticket, or screenshare
